

Welcome to FUDCon Pune

Welcome to FUDCon Pune!

I'm thrilled to join you here in Pune, India for an amazing conference, and I hope you have a fantastic experience at FUDCon. Fedora community members have been working for several months to help plan this conference and have prepared this booklet to help you make the most of your time at FUDCon. Please make an effort to read through this booklet so that you understand when and where various components of the conference are happening.

I'd also like to especially thank the FUDCon Pune bid team and Rahul Sundaram in particular for their hard work and dedication to organizing this conference. We could not have been able to plan a successful FUDCon without their vital assistance.

There are a few other details I'd like to highlight:

- Please make every attempt to attend the conference sessions on time. This will help ensure that we can keep to the planned schedule as much as possible.
- While we're glad you could make it to FUDCon, please remember that the vast majority of Fedora contributors aren't with us here at FUDCon. Please use the Internet to share your FUDCon experience as much as possible with the people who aren't here with us. See the right side of page 5 for information on IRC channels, blogging and microblogging.
- Please take the time to get to know the Fedora contributors at the conference. I look forward to meeting as many of you as possible at FUDCon. The social relationships we build at FUDCon will help our work in Fedora go more smoothly and help build more trust within our community.

Once again, I look forward to meeting with you here at FUDCon, and hope you have an enjoyable experience. If you have any questions, please don't hesitate to contact me or another member of the FUDCon planning team.

A handwritten signature in black ink that reads "Jared Smith". The signature is stylized, with the first letters of the first and last names being large and prominent.
